In addition to a long & impressive list of features, the WOW factor of this property must be the simply stunning garden that surrounds this cherished home on all sides. Including a wide selection of ornamentals, flowering plants, clipped topiaries, hedges, evergreens, fruit trees + arguably one of the best-tended back lawns in the estate! Well-established & maintained via an automatic sprinkler system, another gardener would certainly relish in this space, but is relatively easy care due to its maturity & infrastructure, a less green-thumbed buyer could enjoy & manage it too.

Absolutely ideal for families, entertainers or retirees downsizing from nearby acreages or larger/two-storey properties, especially those with caravans or multiple vehicles, this is an instantly impressive property that has been meticulously maintained by houseproud owners & is positioned in a super special spot. With Tangari Regional Park & its many trails only a stroll away, any furry members of the family will love it too. An absolute pleasure to offer for sale & guaranteed not to be on the market for long!

Buyers Note – due to downsizing sellers, some furniture is also for sale.
