**Property ID:** L21134342

**Property Type:** House

**Garages:** 4

**Land Area:** 724.66 sqm

This remarkable residence, set in one of Balmoral's most prestigious enclaves, redefines luxury coastal living. Designed by Corben Architects, the home rises across four levels, capturing sweeping harbour views through floor-to-ceiling glass and immersing interiors in abundant northern light. Seamless convenience and security are ensured with an 8-person commercial-grade lift and keyless fingerprint entry.

Five generous bedrooms including four on a single level plus a large home office/sixth bedroom, provide versatility for modern living. Expansive indooroutdoor zones form a spectacular backdrop for entertaining, while a striking pool integrates seamlessly with the gourmet kitchen and living areas. A dedicated mezzanine level, accessed directly by the lift, offers substantial storage and utility space, while a sophisticated wine cellar, private fitness studio, and secure 34 car garage complete the lifestyle.

Every detail has been curated for elegance and innovation: KNX home automation controls lighting, climate and blinds, while a Sonos-enabled audiouiual system deliuers immersive sound throughout. From its versatile living domains to bespoke leisure amenities, this rare Balmoral sanctuary harmonises light, space, and cutting-edge design – an unrivalled coastal retreat for discerning families seeking the pinnacle of luxury.
