Why you will love it

Commanding the entire top floor of an exclusive boutique building, this refined residence embodies effortless luxury in a rare, never-to-be-built-out harbourside setting. Designed with enduring elegance and absolute functionality, every inch celebrates space, light, and a serenity that is increasingly hard to find under new zoning conditions across Mosman.

Living spaces flow with sophistication from the premium Miele kitchen to expansive lounge and dining zones warmed by a Real Flame fireplace. Full-height glass invites uninterrupted panoramas stretching across Middle Harbour to Manly, with a grand terrace that becomes the natural heart of every gathering, sheltered by an all-weather vergola.

Each bedroom frames a cinematic outlook and includes a sumptuous ensuite, while the indulgent master wing offers a private sanctuary with dual walk-through robes and a leafy courtyard retreat.

Set gently away from the hustle of Mosman Junction, yet only moments from Balmoral Beach and village pleasures, this is an exceptional value opportunity at the perfect intersection of lifestyle, privacy, and premium liveability. Move-in ready and future-proofed for those who expect more.
